

U3A Stonnington's 2023 program promotion

This second, 2023 program promoter aims to give you a further taste of what is to come in Semester 1, next year. The final and complete program, with dates and times, should be available by the 16th of January. Enrolments will commence on the 23rd of January and Semester 1 will begin on the 13th of February.

There are some excellent presentations coming up in 2023. When enrolments open in January, you will be able to enrol online via the [U-MAS](#) system, or list the courses you wish to enrol in by return [email](#), or phone 9500 1288 and we will enrol you.

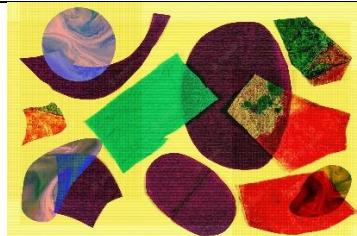

While you will undoubtedly learn new things, remember that these classes are fun and enable you to participate in activities in a supportive environment with people who share your interests.

We look forward to welcoming you to our sessions early in the new year so don't forget to enrol on the 23rd of January 2023, or soon after.

If viewing this email on a smart phone or mobile device, please turn it to the side (landscape view) so the images aren't distorted.
